

EarthCleanz

*Cleaning our Earth One Drop at a Time*

# AquaCleanz™

## Key Benefits

- Prevents algal blooms
- Reduces organic solids in water
- Breaks down ammonia and nitrates in water

## Applications

- Aquariums
- Fresh water pools
- Aquaculture
- Golf course water hazards
- Water troughs

## Features

- AquaCleanz™ is a dry, all natural blend of plant extracts, enzymes, and microbes that degrades solids, fats, oils, greases, and other organic contaminants.
- Reduces ammonia and nitrates in water, preventing algal blooms.
- All ingredients in AquaCleanz™ are generally regarded as safe (GRAS).
- Easy to use, simply toss the biodegradable pouch in the water and allow it to dissolve.
