

EarthCleanz

Cleaning our Earth One Drop at a Time

AquaCleanz™

Key Benefits

- Prevents algal blooms
- Reduces organic solids in water
- Naturally binds nitrogen and phosphorus in water

Applications

- Aquaculture
- Agricultural Water troughs
- Farm ponds
- Golf course water features

Features

- AquaCleanz™ is a dry, all natural blend of plant extracts, enzymes, and naturally occurring microbes that degrade organic contaminants.
- Binds nitrogen and phosphorus, preventing excessive algal blooms.
- Ingredients in AquaCleanz™ are formulated to be safe for fish and other aquatic life.
- Easy to use, simply toss the biodegradable pouch in the water and allow it to dissolve.
